

CESAR VARELA

Mostly self-thought, I've been a software developer for more than 15 years, always with an eye on both Design and User Experience.

cesarvarela.com

KEY STRENGTHS

PROFESIONAL EXPERIENCE

12/2013 - 4/2016
VividCortex

Fronted Engineer

Working on the company's main web app, developing/designing multiple sections/tools.

Also wrote an integration with Hipchat. that allowed users to interact with the web app, which included the option to take live screenshots of the app, using a mixture of phantom.js and GO.

8/2012 - 11/2013
Globant

Senior UI Developer

Responsable for the front-end of an internal app for NYSE, while also developing some back-end features (ASP.NET/MVC)

6/2011 - 8/2012
Infocorp

Developer

Adding features to the company's core banking product and worked on an hybrid mobile app for Bnaco de Bogota, to be used on iOS/Android devices, developed Phonegap + Sencha

Past jobs date up to 2005, and include a wide variety of positions, always related to application design and development, including interactive experiences using the now difunct Flash platform, for brands like AXE, Pepsi, Henineken, etc.

Also during this time multiple games, applications, extensions, etc. were developed as personal projects.
